

Exploration Camps

THE COMPLETE SOLUTION → PERSONNEL, VEHICLES, LOGISTICS, EQUIPMENT

REMOTE AREA SPECIALISTS

Map to Mine can coordinate and set up fully equipped, state-of-the-art containerised mining camps for exploration programmes with continued field support and camp maintenance throughout the project. We provide our clients with a complete “turn-key” operation.

The camps are designed to be highly mobile, robust and tough for transport and set up in remote areas and challenging environments.

We satisfy the requirements of our client’s projects through detailed planning and execution. Our goal is to ensure the most cost efficient and comfortable field camping solutions, regardless of terrain type or location, for small to medium operations.

We guarantee a quality and personalised service at competitive prices.

OBJECTIVE

To provide your workforce with a superior, comfortable and memorable living environment.
